4-H Rules & Regulations

4-H GENERAL RULES

All entries are limited to 4-H boys and girls who are enrolled in 4-H projects in Ellsworth County. 4-H members must be at least seven years of age and not older than 18 as of January 1st of the current year.

4-H members must have been enrolled in a 4-H club project in which they exhibit by May 1, 2024. Exhibits must be the result of 4-H club projects since the last County Fair.

Any items not listed will be left to the discretion of the Agent in conjunction with the Fair Board. Premiums may be withheld on items not listed.

The Midway District Extension Council, the 4-H Council, and the Ellsworth County Fair Association will not be responsible for accidents. All possible care will be taken of exhibits, but the Council will in no way be responsible for any damage or loss sustained.

CODE OF ETHICS: Believing it is in the best interest of all junior exhibitors to maintain a reputation of integrity and to present a wholesome image, The Ellsworth County Fair Association sets for the following regulation: 4-H members are expected to conduct themselves according to the highest standards of their organization. All participants are expected to act in a professional manner showing respect to judges, other exhibitors, staff and the public. Inappropriate conduct (drinking, stealing, vandalism and indiscreet behavior) WILL NOT BE TOLERATED. Any violation of this rule will be grounds for disqualifying the exhibitor and/or livestock involved and any premium money earned will be forfeited. Fair Association will stand by the 4-H Code of Conduct and have the ability to revoke ribbon money and auction participation.

4-H Code of Conduct

The 4-H Code of Conduct is intended to foster a safe environment that encourages optimal learning and growth. The opportunity to participate in or

attend 4-H activities is a privilege and not a right. All 4-H participants – youth, families, volunteers, and Extension staff – who participate in or attend any activity or event sponsored by Kansas State Extension 4-H Youth Development Program are expected to uphold the values of the Kansas 4-H program and conduct themselves according to the following standards listed below. These standards also apply to online 4-H activity, including social media and internet presence. Whether online or in person, this Code of Conduct is to guide participants to think critically, behave safely, and participate responsibly in our shared world. The following Kansas 4-H Code of Conduct is a condition of participation in any Kansas 4-H activity or program.

4-H Rules & Regulations

1. Be present, attentive, and engaged in the 4-H activities. Practice good sportsmanship, be helpful to others, uphold ethical practices in 4-H projects and events, and never cheat or falsely represent efforts related to 4-H project activities.
2. Know and follow federal, state, and local laws that apply to minors (e.g., no use of alcohol, illicit (non-prescribed) drugs, and tobacco in any form) even when I am 18 or 19 years old and still a program participant.
3. Use language and actions that do not substantially interfere with others' participation in the program. (Swearing, harassment, and bullying are not allowed.) You are personally responsible for any damage you cause as a result of your behavior, including the cost of any physical injury or property damage you cause in the course of your participation in any program or event.
4. Know and follow safety policies and procedures of Kansas State University, K-State Research and Extension (KSRE), and guidelines of the 4-H Youth Development Program, as applicable to this program. (Such as: not leaving the program area without permission from the program supervisor; be in assigned lodging and program areas during activities; abide by curfew hours; and, any other additional safety policies established by a specific event or program.)
5. Obey all rules and directives that apply to the 4-H activity where I am involved.
6. Use mobile electronic devices during a scheduled 4-H activity only in a manner that is consistent with the approved activity and not disruptive.
7. Conduct yourself and your project work in a manner that is trustworthy, respectful, responsible, fair, caring and in good citizenship. You are representing your family, 4-H club, community, Extension unit, and state.
8. Apply these conduct standards to online 4-H activity, including social media and internet presence.

ALL reference to age means as of January 1st of the current year.

Maximum age for exhibitors is eighteen (18) years old on January 1st.

Junior Division (unless otherwise stated):

4-H members 7, 8, and 9 years old on January 1st

Intermediate Division (unless otherwise stated):

4-H members 10, 11, 12 and 13 years old on January 1st

Senior Division (unless otherwise stated):

4-H members 14 years old or older on January 1st. Past champions are eligible.

Pre-entry is required for all Divisions. ALL Pre-entry must be completed online via Ellsworth County Fair. Any entry turned in late will be assessed a late fee per entry AND the fee must be paid at the entry time. Late entries will be assessed as follows:

4-H Rules & Regulations

<i>Before July 10: No Fee</i>	<i>July 11-Day before fair starts: \$10</i>	<i>Day fair starts-Day fair ends: \$25</i>
-----------------------------------	---	--

This is in place for all areas except for Fashion Revue, no late entries will be accepted for Fashion Revue. Exception to the Late Fee Penalty is if the 4-H member changes classes within a certain division for which they were already entered.

Intent To Sell Cards for the Livestock Premium Auction must be turned into the Fair Office by 10:00 p.m., Wednesday, July 24, 2024, if you intend to sell an item in the auction. All animals to be sold must meet minimum final weight requirements. Any 4-H'er selling livestock at the Ellsworth County Fair will have completed Youth Quality Care of Animals annual certification by July 1st of the current year via Midway District Extension Office on-site classes or online. This includes beef, sheep, goats, swine, rabbits, and poultry. If a certification is number is not on file prior to July 1 of the current year, exhibitors will not be able to participate in the Livestock Sale.

Intent to Sell cards for the Silent Auction (for static items only) must be turned into the Fair Office by 12:00 pm, Wednesday, July 24, if you intend

to sell an item in the Silent Auction. 4-H'ers may only sell ONE item/animal in either the Livestock Premium Auction OR the Silent Auction. The Silent Auction is a terminal auction; the item you are auctioning will be given to the buyer.

Entry Cards

Entry cards may be picked up at the Ellsworth Armory on Monday, 8:00 a.m. to 2:00 p.m. and again on Tuesday from 8:00 a.m. to 10:00 a.m.

Entry cards must be attached to all exhibits in the Ellsworth Armory. There will not be any entry cards for livestock, horse, dog, poultry, rabbits and pet exhibits. Exhibitor should not make comments on the exhibit card about their project.

Ribbons and Judging

Projects will be judged using the Danish System which is a method of evaluation where a 4-H exhibit or process is evaluated against a set of standards, and recognition is awarded on the degree to which the standard has been met by each 4-H member. The standards of excellence are often printed on a judge's scorecard, and allows for the 4-H exhibit to be judged on one's own merit, and not in comparison with others in the class.

4-H Rules & Regulations

The following ribbons apply:

WHITE: Fair, much improvement needed. Fails to meet minimum standards.

RED: Good, some improvements needed. Meets minimum standards.

BLUE: Excellent, minor improvements needed. Exceeds minimum standards.

PURPLE: Superior, outstanding on all standards.

One ribbon placing will be docked if all project requirements are not met.

Champion and Reserve Champion ribbons will be awarded to each project as long as all qualifications are met and the judge feels the quality to receive such a ribbon is exhibited. For breeding livestock, breed Champions will be designated.

Only champions or class winners are eligible for Overall Grand Champion. If the division only has one entry or one champion the judge will determine if the exhibit is worth Overall Grand Champion. After the selection of the Overall Grand Champion, the Reserve Champion or 2nd place winner in that division or class will compete for Overall Reserve Champion **with the exception of the Horse Project (see specific rules for Horse Showmanship Grand and Reserve Champion selection)**. No red ribbons will be considered for Overall Grand Champion. **All purple winners are eligible for State Fair if members and exhibits meet the State Fair guidelines.**

Only exhibits designated by the judge are eligible for the State Fair except all Blue Ribbon livestock which are eligible with Extension Agent approval. 4-H members must meet age requirements to exhibit at State Fair.

Classes marked with an asterisk () are NOT eligible for Kansas State Fair Competition. Cloverbuds have their own Division - See page 13.*

Protests and Grievances

Protests or grievances regarding fair operations or qualifications of eligibility of any competing person, animal, or object submitted for competition and showing in any class or event must be submitted in writing, signed, and accompanied by a \$50 deposit. The deposit is forfeited if the protest is overruled. The hearing committee will consist of Ellsworth County Fair Association Executive Board, Extension Agent, and relevant Division superintendents. When the protest is either allowed or denied, the course of action shall be entered in writing and filed with the Association Secretary. The Ellsworth County Fair Association may waive the above rules if, in their opinion, it is warranted.

Parents are encouraged to observe in the Conference Judging with the 4-H member. However, the parents are NOT to converse with the judge until the judging of their child's project is complete.

4-H Rules & Regulations

4-H General Livestock Rules

Only those animals exhibited at the County Fair will be eligible for the Premium Sale.

Any animal deemed "wild" will not be allowed to show. This will be determined by the Division Superintendent, Extension Agent, and Fair Board Chair.

All Exhibitors will be provided wood shavings for bedding in pens. Hosing of pens (for cleaning, watering or washing) will NOT be permitted. All washing of animals must occur in designated wash areas. Automatic waterers and misters will NOT be permitted. Fans will be provided in the area. Manure is to be removed and disposed of in the provided areas.

Stall space, at the barn, will be assigned by the Beef, Dairy, Sheep, and Swine Committee.

All sick animals will be barred from the Fair. No health requirements other than those listed under Special Rules in each Division, except in the event of a sudden disease outbreak in the county.

There is no minimum weight to show any livestock animal! There are sale minimum weights (see page 16).

All 4-H members participating in the Livestock Premium Sale MUST have a YQCA certification number on file at the extension office prior to July 1 of the current year.

All animal exhibitors are eligible to enter the Showmanship Contest and will be **entered automatically**. Animals used in Showmanship must be entered in a regular 4-H Livestock class, with the exception of horse. Judging will be 50% Ellsworth County 4-H Fair

on Fitting of the Animal and 50% on Presentation to and Consultation with the Judge.

Animals must be in stalls or pens except when showing, washing, or feeding. Beef exhibits can be tied out in the designated area at night. Livestock cannot be watered in the barn. Water animals in designated areas.

Each exhibitor is responsible for the care and appearance of their animals and must furnish their own feed and equipment.

Exhibitors must show their own animals except with permission from the Division Chairperson. The substitute show person must be an Ellsworth County 4-H member.

4-H Rules & Regulations

Showmanship Classes: 4-H member must show their own animal.

Stall cards will be available for pickup at the Fair office.

Ear tags will not be released from the Extension Office.

Kansas 4-H eID ear tags will be required for all livestock animals, except for registered breeding stock. When animals lose their ear tag, they will be re-tagged by an Extension Agent and paperwork verifying the animal's new tag number will be sent to the State 4-H Office.

Exhibits shall reflect the care and concern that Kansans have for livestock, poultry, and companion animals. Animals experiencing illness, injury, or discomfort should be properly treated. Professional veterinary services will be available as needed. An animal may be removed in an emergency situation at the discretion of the veterinarian and/or division chair and/or extension agent.

GENERAL BARN RULES

4-H Round Robin

ROUND ROBIN COMMITTEE

Karl Dawn Stover*

Kara Hays*

Special Rules:

1. Horse, dairy, meat goats, beef, sheep and swine are invited to compete in Round Robin.
2. The Grand Champion Showman of each species is eligible to show for the overall showman.
3. If for any reason, the Grand Champion from any species cannot or wishes not to show for the overall showman, the Reserve Grand Champion from that species will take his/her place.
4. In the event that a showman is selected as Grand Champion from multiple species, the individual has the right to choose which species they will represent in the Round Robin. The Reserve Grand Champion from the

species not chosen by the individual will be eligible to participate in the Round Robin.

5. An informational contestant meeting will be held prior to the start of the Round Robin.
6. Contestants will be given a back tag/number to wear as a means of identification throughout the competition.
7. Species will be shown in a random order determined by draw.
8. Prior to the start of the Round Robin, one species will be drawn at random and placed in a sealed envelope. The envelope will be opened in the event of a tie where the placing of the species inside the envelope will determine the Grand and Reserve Grand Champion overall showman.

4-H Round Robin

9. Adult Superintendents from each species will select animals to be used for the Round Robin. Selected animals do not have to be fit prior to the Round Robin, but should be free of any sawdust, manure, etc. before entering the arena. Selected animals will come show ready with leads, halters, show sticks, etc.
10. Each contestant will draw a number at random to select an animal to show immediately upon entering the show ring. No family animal may be shown by siblings unless no other animals are available.

4-H Silent Auction

****The Ellsworth County Fair Association (ECFA) manages the Silent Auction.**

Special Rules:

INTENT TO SELL CARDS MUST BE TURNED INTO THE FAIR OFFICE by 12:00 pm, Wednesday, July 24, 2024, if you intend to sell an item in the silent auction.

1. 4-H Members may only sell ONE item/animal in either the Livestock Premium Auction OR the Silent Auction. No live animals to be sold in the Silent Auction.
2. Silent Auction is a terminal auction; the item sold will be given to the highest bidder.

3. Members may sell an item in the Silent Auction, regardless of ribbon placing.
4. A Silent Auction item may be comprised of a single item judged at the fair (e.g. a cake) or multiple items judged (e.g. cutting board and loaf of bread, both of which were judged at the fair). Food items must be made fresh (not the item judged), and horticulture items picked fresh.
5. Members will fill out the Silent Auction Intent to Sell form which includes the name of the item, the placing received, the member's name, and the starting bid.
6. "Starting bid" will be the lowest amount the member would accept for the item. If the Starting Bid is not met, the item will not be sold and will be returned to the member, with no money given.
- 7.

4-H Silent Auction

8. The physical item MUST be present in the silent auction room by 12:00 pm, Thursday, July 25, 2024.
9. Silent Auction will be open to bids between 12:00 pm and 7:00 pm on Thursday, July 25, 2024. At 7 pm, bid sheets will be pulled and final winner determined.
10. Silent Auction item, member name, winning bidder, and price will be announced at the beginning of the Livestock Auction at 8:00 pm.
11. Buyer will take possession of purchased item after paying.
12. The ECFA Sale Committee has final decision on all matters of the Silent Auction.
13. There will be a 2% commission taken on all items sold through the Silent Auction. This will be figured on sale amount.
14. No late entries will be accepted.
15. Thank you notes will be available at the Extension Office for sellers to pick up and provide to their purchasers. No buyer ribbons will be given for the Silent Auction.

Anyone wishing to sell Foods in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent Auction Special Rules, p. 34).

Division O – 4-H Foods & Nutrition

If food is to be sold at the auction, a fresh product must be baked to sell.

1. **RECIPES** are required for all food product exhibits. Recipes must be present at the time of judging. If recipe is NOT included, item will be **docked one ribbon placing**.
2. Each Exhibitor may exhibit only one of each food item for a total of seven entries in each age division.
3. Remove baked products from pans and place on paper plate or covered cardboard cut to fit the size of the product. **PLACE BAKED PRODUCTS IN CLEAR PLASTIC BAGS WITH TWIST FASTENERS**. Five gallon bags may be obtained at the Extension Office.
4. For “serving size” items, exhibit seven cookies, seven muffins, seven rolls, etc. For cakes, loaves and pies, the entire product must be entered and uncut.
5. Commercial mixes are **NOT** to be used.
6. A sample of each exhibit will be left on display. All non-perishable products, except Champions, will be sold at the Food Sale unless member states otherwise at the time of entry.
7. Food will be sold on the day of judging. Decorated cakes will be judged and on display only. Money may be picked up from the Fair Extension Office the next afternoon. Perishable Food can stay in the fridge and come out for food sale.
8. Decorated cookies and cupcakes must be food items and decorated cakes can be a decorated box or Styrofoam. This is judged on appearance. Decorations are the focus. The judge does have the option of tasting cake and/or frosting. Recipes are optional.
9. A Champion and Reserve Champion will be picked from each level. Grand and Reserve Grand will be picked overall from the Champions.
10. Exhibits eligible for State Fair will be marked with a sticker.

11. All unfrosted cakes shall be exhibited in UPRIGHT position with top crust showing, except those cakes with special designs such as Bundt cakes which should be top crust down.
12. For food safety purposes, any entries with frostings and fillings must calculate the amount of sugar in the frosting/filling recipe only. Calculation must be attached to entry, or the placing will be lowered one ribbon when judged. Frosting and fillings need to contain more than 65% sugar for safety. Examples on how to calculate this percentage are included in the publication located at: <https://bookstore.ksre.ksu.edu/pubs/MF3544.pdf>
13. Exhibitors receiving Purples may exhibit only one baked product and one educational display at the State Fair.
14. Perishable items are not exhibited at the State Fair.

2423 Miscellaneous Crops: Exhibit to consist of one gallon sample of seed or 10 heads produced from current project. Variety must be named.

Division R – 4-H Plant Science

2424 Cotton: Provide 10 open bolls, not 10 plants. Place bolls in a bag that can breathe (not a sealed plastic bag), so mold doesn’t develop.

Wheat Variety Plot Display

2430 Wheat Variety Plot Display

The free-standing displays must not exceed the overall dimensions of 36” high x 18” deep (measured on the outside). Care should be taken to select durable materials that will withstand fair conditions. Displays must not require the use of electricity.

The basis for Awards:

Educational Value 70%

Is the main ideas of the display specific? Was the title or theme emphasized? Is the idea presented so clearly, so simply, so forcefully, that will stop the casual observer? If the passerby stopped, did the display give the observer additional facts in a clear, concise way? For Example, varietal differences in wheat, economic gains from adoption of desirable practices, etc.

Quality of Display material 30%

Size, style and neatness of lettering, proportion of models, and lettering balanced, workmanship, including handouts, if used, charts, models, and lettering used effectively to teach ideas, colorful, artistic, neat and well balanced.

AEROSPACE/ROCKETRY – Special Rules:

Anyone wishing to sell Rockets in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent Auction Special Rules, p. 34).

1. All kit & original rockets must conform to the State Fair Requirement. Please see the Extension Office for State Fair Guidelines.
2. Each exhibitor may enter up to two rocket exhibits that have been constructed during the current year. If two rockets are entered, one rocket must be a “model rocket kit”, the second may be entered into

Division S – 4-H Aerospace/ Rocketry

any other applicable class. An exhibitor may not enter two rockets in the same class.

3. 4-Hers are to complete and sign the rocketry information form, available from <http://rocketry.engtech4ks.com/> or your local extension office and attach it to a 10” x 13” “manila” envelope. The envelope should contain:
 - a. Instructions on how to construct the rocket
 - b. Up to five pages of pictures, pictures are to be attached to sheets of paper, from both construction and launch
 - c. Documentation of any flight damage that occurred
 - d. Any modifications made to the rocket except for paint scheme and decals.
 - e. An additional page for altitude calculations if the space on the form is not enough.
 - f. Additionally, for original design rockets, also known as “scratch built” rockets:
 - i. five additional pages of photos are allowed
 - ii. Documentation of how the rocket was tested for stability.
4. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s rocket, at the judges’ discretion, will receive a participation ribbon.
5. Rockets are to be displayed upright on a display stand with a sturdy rod that does not extend past the top of the rocket, or stand unassisted, unless the rocket is taller than four feet in which case no display stand is required and the rocket may be displayed on its side, rockets are not to be displayed on launch pads to save space and prevent someone from

- being poked in the eye.
6. Rockets ARE NOT to be displayed with used or unused rocket engines either in the rocket or as part of the stand, if rocket engines are included in the exhibit the judge may disqualify the exhibit.
 7. Rockets should be flown unless there is an active burn ban in the county or conditions are too dangerous to safely launch the rocket. Just flying the last stage (the part with the nose cone) of a multi-stage rocket is acceptable.
 8. Rockets, except those in the JR division, are not to be “beginner kits” or use prefabricated (molded plastic) fin assemblies, or pre-finished rockets requiring no painting, these are not acceptable outside the JR division, and should be disqualified. Rockets entered in the JR division may not go on to the Kansas State Fair.
 9. Angles of fins must fall within a plus or minus 2-degree variation using an approved fin alignment guide (such as KSSTAC10). An official fin guide is available from <http://rocketry.engtech4ks.com/>
 10. Fins and body tubes, except those in the introductory division, are to be

Division S – 4-H Aerospace/ Rocketry

filled and sealed with putty, sanding sealer, and/or primer or other suitable filler to eliminate the appearance of body grooves and wood grain.

11. Fins and launch lugs are to be filleted to reduce drag and properly secure them to the model.
12. Engine mounts are to be securely attached to the body tube.
13. Any seams on plastic parts are to be sanded smooth.
14. The recovery system (typically a parachute or streamer) should be attached according to the instructions.
15. The nose cone is to fit snugly but still allow for easy removal.
16. Exhibits must be uniformly painted and smoothly finished without “runs,” “orange peel,” or “alligator skin” or finished as per rocket instructions (for example, no painting required), and decals, if used, are applied smoothly.
17. Models may not be judged based on their paint scheme (colors and placement on the rocket), except for rockets that fit the definition of a ‘scale model*’ and are entered in the scale model class. All other rockets do not have to follow the suggested paint scheme, allowing the 4-H’er to display maximum creativity in the finishing of their rocket. Under no circumstances is the weight given to the paint scheme to be sufficient enough, by itself, to move the non-scale model from one ribbon placing to another.
18. “Scale models*” entered in the scale model class may be judged based on their paint scheme. The judge may deduct up to one ribbon placing for not following the paint scheme.
19. “Scale Models*” displayed in the scale model class are to be finished

and completed with a majority (greater than 70%) of decals. For all other rockets the use of decals is optional.

20. Original design rockets cannot be a modification of a pre-existing kit and must be of original design.
21. Original design rockets must be designed by the exhibitor(s).
22. Exhibitor(s) must be 11 years of age (4-H age) or older to enter an original design rocket.
23. Original design rockets must include detailed instructions, so that someone could construct the original designed rocket just like a kit purchased at a store. Instructions can be as many pages as needed to convey full and complete construction techniques.
24. For a rocket entered in the original design classes, describe in the summary how the rocket was tested for stability prior to flying. Swing testing of the rocket is required. Other tests and calculations are strongly encouraged. Exhibitors must include documentation of the swing test. Failure to swing test a rocket will result in a deduction of TWO ribbon placings.

Division S – 4-H Aerospace/ Rocketry

25. Rockets that use more than one ‘D’ engine or equivalent are consider mid or high-power rockets in 4-H.
26. Mid and High-Power exhibitors must be at least 14 years of age by January 1 of the current year.
27. In addition to the information packet completed for all rockets, a highpower information form is to be completed and placed inside of the information packet. This may be downloaded from <http://rocketry.engtech4ks.com/>
28. Exhibitors in the mid and high-power divisions must hold memberships in either NAR or Tripoli organizations.
29. The NAR High Power Rocket Safety Code applies to the construction and launching of all rockets displayed in this division. As such all mid and highpower rocketry exhibitors must comply with the NAR High Power Rocket Safety Code that is in effect as of October 1st of the current 4-H year.
30. All rockets in the mid and high-power divisions are to be launched under adult supervision by the 4-H member who constructed the rocket.
31. For rockets launched using an engine(s) that have 160.1 (‘H’ engine or equivalent amount of smaller engines) Newton’s-seconds or larger, adult supervision must be provided by an individual having at least a level 1 high power certification. The 4-H member should also hold or be attempting to attain their level 1 high power certification if launching on this large of an engine.
32. No parents talking to judge until ribbon placing awarded.

Ages 7 – 8 years (NOT KSF eligible)

- *5410 - Rocket made from kit, without pre-assembled fin units. Include plans.
- *5411 - Rocket made from “beginners kit.” Include plans. Rockets in this class may have pre-assembled fin units (plastic). (This class is for first and second year 4-H members to explore the rocketry project).
- *5412- Scale Model Rocket made from kit, include plans.

Ages 9 – 13 years

- 5413 - Rocket made from kit. Include plans.
- 5414 - Scale Model Rocket made from kit. Include plans.

Ages 11 – 13 years (9 and 10 year olds may not enter this class)

- 5415 - Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans.
- 5416 - Scale Model Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans and stability testing.

Ages 14 years and older

- 5417 - Rocket made from kit. Include plans.
- 5418 - Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans.
- 5419 - Scale Model Rocket made from kit. Include plans.
- 5420 - Scale Model Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans and stability testing.
- 5421 - Mid or high-power rocket made from kit or original design.

Ages 11 years and older

- This class is designed to encourage teamwork among individuals and clubs to work on a rocket from the initial design to the finished product.
- 5421 - Rocket designed by 2 or more exhibitors: not merely a modification of an existing kit. Include original plans.

AG MECHANICS WELDING Special Rules:

Anyone wishing to sell Ag Mechanics in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent Auction Special Rules, p. 34).

1. 4-H members must be currently enrolled in the Kansas 4-H – Ag

Mechanics Welding project to exhibit in this division.

2. Each exhibitor may enter one exhibit per class. Exhibits must have been constructed or repaired during the current 4-H year.
3. Wheeled exhibits must utilize a braking mechanism which prevents the exhibit from freely rolling while on display.
4. Exhibitors are responsible for providing sufficient braking or “chocks” for trailer exhibits to ensure that the exhibits do not move once positioned. If using a wheel “chocking” mechanism, the two individual blocks should be connected together as a pair of chocks, so they do not become separated. At least one pair of chocks should be placed on each side of the trailer to prevent movement.
5. For exhibits with downward swinging parts, such as tailgates, that could pose a fall/striking/crushing hazard should have a tamper resistant locking mechanism such as a “zip-tie” or a “cotter-key” through a release pin that would prevent the swinging part from being accidentally released and falling on someone.
6. Each exhibit must be free-standing or sufficiently supported by an exhibitor supplied support system that is moveable and is part of the total

Division T – 4-H Ag Mechanics Welding

demonstration's and weight of the exhibit as described previously. Exhibit display boards should have a portable and moveable base and examples should be firmly affixed to the board to ensure all parts of the display stay together. No exhibits may be staked to the ground for display.

7. Top heavy items should be braced or placed in a stand sufficient to prevent it from toppling over while on display
8. Exhibits may not be bound, affixed, attached to the buildings, except by the superintendent or Extension Staff.
9. Painting or spot painting is not allowed on projects after arrival on fairgrounds. If wet paint is detected by judges or superintendents one ribbon placing will be deducted.
10. Repair projects having adequate original finish need not be repainted
11. Cutting surfaces, such as blades or knives, are to have a protective covering over them to prevent injury. The covering should be easily removed and reinstalled for judging. Foam “pool noodles” and multiple layers of cardboard are acceptable.
12. Display cases for small exhibits are acceptable and must be easily opened so the item can be removed and examined as part of judging.
13. Exhibits that include weaponry of any kind will be disqualified. Weaponry is defined as any instrument, possession, or creation, physical and/or electrical that is intended to be used to inflict damage and/or harm to individuals, animal life, and/or property.
14. If the exhibit is powered by flammable liquids (gas, propane, kerosene, etc.) the fuel tank and lines should be drained and allowed to dry, to avoid spills and potential fires

15. Electric powered (battery, corded, solar, or alternative energy) should have a primary shutoff or disconnect switch.
16. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor's exhibit, at the judges' discretion, will receive a deduction in ribbon placement or a participation ribbon
17. The exhibitor's name(s) and county or district must be tagged or labeled in a prominent location on the display
18. Each exhibit must include an Ag Mechanics Welding information packet. Entry of just a packet without an accompanying exhibit is not a sufficient exhibit.
19. Each exhibitor is required to complete the "4-H Ag Mechanics Welding Exhibit Information Form" for each exhibit. It is available through your local K-State Research and Extension office or at <http://welding.engtech4ks.com/>. This form must be attached to the outside of a 10" x 13" manila envelope. Do not tie the envelope to the exhibit. All revisions of all forms previously released for the division dated prior to current year are void for use and new forms must be obtained and used that are dated by the State 4-H Office for the current year.

Division T – 4-H Ag Mechanics Welding

20. Each exhibit information packet should include the following items:
 - a. Bill of materials for the project with associated costs, scrap items used may be listed as having a \$0.00 cost
 - b. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state
 - c. If appropriate schematics or working drawings relating to the creation or repair
 - d. If appropriate operating instructions
21. No parents talking to judge until ribbon placing awarded.

BUILDING BLOCK ENGINEERING (LEGOS) Special Rules:

Anyone wishing to sell ABC in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent Auction Special Rules, p. 34).

1. 4-H members must be currently enrolled in the Kansas 4-H – Building Block Engineering project to exhibit in this division.
2. Each exhibitor may enter one exhibit. Exhibits must have been constructed during the current 4-H year.
3. The minimum exhibit dimensions must be at least 6 inches wide and deep. Total exhibit dimensions may not exceed 2 feet high, by 2 feet wide, by 2 feet deep.
4. All exhibits should be placed in a sturdy see through enclosure with a top, bottom, and 4 sides. A clear tub turned upside down with the exhibit placed on the lid would be an acceptable enclosure. It may be desirable to place a cutting board or other hard surface between the lid and base plate of the exhibit to make it more sturdy. This is to keep exhibit components from being “scattered to parts unknown” at the fair.
5. The outer dimensions of the enclosure do not count towards the total exhibit dimensions but should not be excessive. The entire exhibit should fit in the display enclosure so the enclosure does not smash into the exhibit during movement.

6. All components used in construction should be dust and hair free, clean, free of chips, scuffs, cracks, or broken blocks.
7. The primary building component should be interlocking blocks, commonly referred to by the brand name of Lego®
8. Other architectural components can be integrated into dioramas to illustrate architectural aspects that may be difficult to convey with traditional interlocking blocks
9. The use of existing “store bought” sets for major architectural elements of the display is not allowed, use of figurines from sets is allowed as is using individual bricks or small sub-assemblies to create something different than the architectural component of the set it came from. For example a car hood or front end from a car kit could be used in a “car museum,” just not the entire car. The intent of this is to ensure fairness among exhibitors and encourage maximum creativity instead of just following a set of plans.
10. Dioramas should be suitably complex and have multiple elements, for example a camp site that has a log cabin, a tree fort, and a car.

Division U – 4-H Building Block Engineering

11. All dioramas should have a story, which is part of the information pack, that describes what is happening in the diorama; this can be as simple (the nursery rhyme “Jack and Jill” for example) or complex as needed to explain to someone looking at the exhibit what is happening
12. Gaps or cracks should not be visible between assembled blocks unless they fit with the story, for example an earthquake.
13. Vehicles that are intended to stay in a single place should be affixed to base plates with sticky tack, hot glue, or other method.
14. Mechanical enhancements or motion elements that add motion to the diorama are acceptable and encouraged. If used judges should be able to use them and instructions should be provided for operation.
15. Artistic designs, for example recreating paintings like the “Mona Lisa” or “Stary Nights” and sculptures like “David,” are not permitted as exhibits and one ribbon placing should be deducted, these exhibits should be displayed in arts and crafts Visual Arts.
16. The exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the display
17. Each exhibit must include an Architectural Block Construction information packet. Entry of either a packet without an accompanying exhibit or an exhibit without a packet is not a sufficient exhibit.
18. Each exhibitor is required to complete the “4-H Building Block Engineering Exhibit Information Form” which is available through your local K-State Research and Extension office or at <http://blocks.engtech4ks.com/> . This form must be attached to the outside of a 10” x 13” manila envelope. Do not tie the envelope to the exhibit.

19. Each exhibit information packet should include the following items:
- a) 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state, these help in determining where a part might go in case something comes loose.
 - b) If appropriate operating instructions for mechanical portions of the diorama.
19. No parents talking to judge until ribbon placing awarded.

Introductory - Level 1 classes (1 - 3 years of experience)

5710 – Building Block Engineering Diorama illustrating at least 2 architectural features beyond floors, ceilings, and walls

Experienced – Level 2 classes (4 - 6 years of experience)

5711 – Building Block Engineering Diorama illustrating at least 4 architectural features beyond floors, ceilings, and walls, and includes 1 or more motion elements

Advanced – Level 3 classes (7 - 9 years of experience)

5712 – Building Block Engineering Diorama illustrating at least 6 architectural

features beyond floors, ceilings, and walls, and includes 2 or more motion elements

Master – Level 4 classes (10 or more years of experience)

Ellsworth County 4-H Fair

Anyone wishing to sell Electric and Renewable Energy in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent Auction Special Rules, p. 34).

1. Only those who have met the requirements of the electric, small engine or wind energy project are eligible to exhibit in this division.
2. An exhibitor may enter up to three items in this division, but only one article per class.
3. Articles that have been in use should be cleaned for exhibit.
4. A sheet of operating instructions must be furnished for any exhibit not self-explanatory.
5. A sheet of operating instructions must be furnished for any exhibit not self-explanatory.
6. Projects (classes 5590, 5591, and 5592) must be operable using only 110 or 120V AC or battery power. If battery power is required, batteries must be furnished.
7. Any project with a complexity of size or electronics must have (a) instructions for assembly and use and (b) equipment available at the time of judging for actual testing of the exhibit.
8. No hand dipped solder may be used on exhibits.
9. Each exhibit must have a scorecard completed and attached securely. This scorecard is available from your Local Extension Office.
10. No parents talking to judge until ribbon placing awarded.

Electric

5590 AC Electric: Electric projects with a 110 or 120 V alternating current (AC) power source. Some project examples are household wiring demonstrations, small appliances extension cords, trouble lights, indoor or outdoor wiring boards, or shop lights. Projects may be a restoration or original construction. The project must be operational and meet minimum safety standards. AC projects must be 110/120 V, no 240 V exhibits are allowed, and must be constructed such that the judges have wiring access to examine the quality and safety of workmanship.

5591 DC Electric: Electric projects with a battery or direct current power source. This class includes electric kits or original projects. This class also includes demonstration DC powered project. Examples include: wiring two- or three-way switches, difference between series/parallel lighting circuits or wiring doorbells switches. All DC electric projects must include batteries supplied by 4-H'er. Projects must be constructed such that the judges have access to examine the quality of wiring workmanship.

5592 Electronic: Electronic projects with a battery or direct current power source. This class includes electronic kits or original projects. Examples include radios, telephones, toy robots, light meters, security systems, etc. May be constructed using printed circuit board, wire wrap, or breadboard

techniques. Include instruction/assembly manual if from a kit. Include plans if an original project. Projects must be constructed such that the judges have access to examine the quality of wiring workmanship.

5593 Alternative ENERGY (A form of energy derived from a natural source, such as the sun, geothermal, wind, tides or waves) All exhibits in this division are limited in size to standard, tri-fold, display boards (36" X 48") and items may not extend beyond 12" from the back board. All displays must be self-standing.

Division X– 4-H Entomology

ENTOMOLOGY COMMITTEE

Tim Hays*

Caleb Hays

Special Rules:

Anyone wishing to sell Entomology in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent Auction Special Rules, p. 34).

1. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled accordingly. Please refer to "Entomology Collection Exhibit Resource" for full details on out-of-state insects in collections.
2. A 4-H member may choose to exhibit in the Collection or Educational class for each phase or both. Educational classes are limited to one standard box, a maximum of 150 specimens and **work performed during the current year.**
3. Individual entries are to be placed in plexi-glass covered wooden boxes that measure 18" H x 24" W x 3 1/2" D. **Plexi-glass covers are required at the County 4-H Fair and State Fair.**
4. Each exhibitor is required to identify each box by placing an identification label bearing exhibitor's name, county and class. One label goes in the upper left corner of the box (inside) and the other on the back of the box (outside). Arrange specimens in the box so the box can be displayed lengthwise.

5. The number of orders, specimens and families where required must be included on the exhibitor's box identification label.
6. Emphasis in judging will be placed on the overall variety of Kansas insects represented in the collection, accuracy of identification, skill and technique acquired in mounting of specimens and overall arrangement and appearance of the collection.
7. For each collection class two labels will be centered on the pin beneath each specimen. Upper is the common name label and the lower label is a date locality label.
8. Only specimens of the class Insect a should be included.
9. Purchased insects are not to be exhibited in collections, but they may be used in educational displays.
10. Specimens of soft bodied insects such as aphids, lice, termites, etc. should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.

Division X– 4-H Entomology

11. Any major violation of rules will result in the exhibit being dropped one ribbon placing. Examples would include, but are not limited to: incorrect display box size, missing paper work, feet on display boxes, no special project in notebooks, etc.
12. No parents talking to judge until ribbon placing awarded.

Educational Classes

- A. Educational classes are limited to one standard box and a maximum of 150 specimens. Title of the exhibit should be indicated inside the box.
- B. Purpose of the project is to learn more about the importance, life cycles, biology, ecology, diversity, etc., of insects and related Arthropods. Subject matter can be as varied as the animals themselves.

Entomology

4900 Beginning Entomology I - Beginning Entomology I Collection –

Display in one standard box of a minimum of 50 and maximum of 125 species representing at least seven orders. Specimens should be grouped according to order. Order labels should be pinned to the base of the box. Members can exhibit in this class a maximum of three years or until they receive a purple ribbon in the Beginning Phase at the Kansas State Fair, whichever comes first.

4901 Beginning Entomology II - Beginning Entomology II Collection -

Display in one standard box a minimum of 75 and a maximum of 150 species representing at least nine orders. Specimens should be grouped according to order. Order labels should be pinned to the base of the box. Members can exhibit in this class a maximum of three years or until they receive a purple

ribbon in the beginning phase at the Kansas State Fair, whichever comes first.

4903 Intermediate Entomology - Intermediate Entomology Collection –

Display a minimum of 100 and a maximum of 300 insects representing at least 10 orders. Two standard boxes can be used. All specimens should be grouped to order; in addition, family identification is required for all insects in any two of the following six orders: Orthoptera, Hemiptera, Homoptera, Coleoptera, Diptera, and Hymenoptera. Observe that the number of families identified in these two orders must be recorded on the box identification labels. Families represent subdivisions of order grouping, and family labels will be pinned to the bottom of the box to represent sub-divisions of the appropriate order. Members can exhibit in this class a maximum of three years or until they receive a purple ribbon in the Intermediate phase at the Kansas State Fair.

4905 Advanced Entomology - Advanced Entomology Collection – Display a minimum of 150 and a maximum of 450 insects representing at least 12 orders. Three standard boxes can be used. Family identification is required

Division X– 4-H Entomology

for all insects belonging to the six basic orders as outlined under the Intermediate phase. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. All butterflies appearing in the collection should be labeled with the correct common name. Members may continue to exhibit in this class at the Kansas State Fair for an unrestricted number of years as long as they remain eligible for 4-H membership.

Special Rules:

Anyone wishing to sell Forestry in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent Auction Special Rules, p. 34).

1. All leaf exhibits to be mounted on 8-1/2" x 11" heavy stock paper and placed in loose-leaf binders. (Magnetic or adhesive filler sheets for photographic prints are recommended.) Twigs and fruit collections may be exhibited in whatever manner you choose. (Maximum exhibit size 2" x 3")
2. Name, club, age, and year in project should be on front cover. Members are limited to one entry.
3. Leaves should be identified with an appropriate label located near the leaf on the same page. Label should include proper common name as listed in 4-H

Division Y – 4-H Forestry

Bulletin 34, "List of Native Kansas Forest Trees", location (county) where collected and date (day, month, year) collected.

4. Divide specimens into the following two sections: Native Kansas Trees and Non-Native Trees.
5. New specimens are those specimens collected during the current 4-H year.
6. Have samples grouped according to the year (such as "old" and "new").
7. Variations of varieties do not count as different species or specimens.
8. Leaf Exhibits should consist of a beginning exhibit of 10 or more different leaves, intermediate exhibit of 20 or more different leaves, senior exhibit of 30 or more different leaves or advanced exhibit of 40 or more different leaves. Minimums listed must be from native Kansas trees. Exhibits can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees.
9. Twig Exhibits should consist of a beginning exhibit of five or more different trees, intermediate exhibit of 10 or more different trees, senior exhibit of 15 or more different trees or advanced exhibit of 20 or more different trees. Each exhibit should be of a native Kansas tree showing leaf, twig and fruit from each species collected.
8. No parents talking to judge until ribbon placing awarded.

Caleb Hays

Special Rules:

Anyone wishing to sell Geology in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent Auction Special Rules, p. 34).

1. Exhibit boxes should be 18" H x 24" W x 3½" D. Plexi-glass covers are required. Boxes with glass covers will NOT be accepted. All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit 18" across the top and 24" deep. If a box has a sliding Plexi-glass cover, it must be removable from the top. Screws, locks or other devices that would prevent judges from removing cover should not be used.
2. Each entry is to be identified by a label bearing name, county and number of specimens in the upper left corner of the box (inside-use clear double-sided tape to adhere gummed labels) and by attaching a label with the same information on the back of the box.
3. Specimens should be labeled with the number of the specimen, date collected, specimen name or description and locality (county) where collected.
4. For geology classes 5200, 5201, 5202, and 5203, specimens should be mounted in the box by proper groups: rocks, minerals or fossils. Fossils must be identified to the Phylum, Class and Genus level. More than one specimen of the same kind of rock or mineral or species of a fossil may be

exhibited if this duplication represents **different** geological formations.

Specimen label must

show this distinction (For example: Hays limestone not just limestone).

Exact species must have different formation names listed on the I.D. card (For example: Composite Brachiopod from Morrill Limestone not just Brachiopod or Composita Brachiopod).

5. All specimens must be collected from locations in Kansas for classes 5200, 5201, 5202, 5203, and 5205. Out-of-state specimens will not be counted in the minimum number for the class nor will they be considered in the judging.
6. Exhibitor may enter in both geology and lapidary classes. They may make only one entry in classes 5200, 5201, 5202, and 5203. Exhibitor may also show in Geology Class 5204 and one or more of the lapidary classes.
7. No parents talking to judge until ribbon placing awarded.

box 18"H x 24" W x 3½" D with plexi-glass. Only those exhibiting at the fair for the first time may enter this class.

5201 Display – 30 Rocks Display at least 30 different rocks, minerals, and fossils, at least five of each. **15 must be collected during the current 4-H year.** Limited to one exhibit box, this class is open to those exhibiting either first or second time at the fair.

5202 Display – 45 Rocks Display at least 45 rocks, minerals, and fossils at least five of each. **15 must be collected during the current 4-H year.** Exhibit limited to two boxes. List as igneous, metamorphic or sedimentary. This class is open to those exhibiting either the third or fourth time at the fair.

5203 Display – 60 Rocks Display at least 60 rocks, minerals, or fossils, at least five of each. **15 must be collected during the current 4-H year.** Exhibit limited to two boxes. This class is open to those exhibiting the fifth time or more at the fair. List as igneous, metamorphic, or sedimentary.

5204 Geology Educational Exhibit - Exhibit relating to everyday living; or to a mineral test, a rock formation, geological history, species of fossil, forms of one mineral, a variation of one kind of rock, archeological artifacts or Indian artifacts. Exhibit limited to four feet of the table space or to no more than two exhibit boxes. Care should be taken to use durable materials that will withstand County and State Fair conditions. Exhibitor may show in the class regardless of number of times he/she has exhibited at the fair or whether exhibitor has entries in classes 5200, 5201, 5202, or 5203. Exhibitor may also exhibit in lapidary class.

5205 Minerology Display a minimum of 15 mineral specimens collected in Kansas, at least five of which have been collected during the current 4-H year. The minerals are to be grouped by mineral class (ie: Carbonates,

Oxides, Silicates) and at least three classes must be represented. The member must use one standard display box (see #1). The specimens must be labeled with the number of the specimen, date collected, name of specimen, county where collected and chemical composition (ie: CaCO₃ for calcite) if known.

Lapidary

The lapidary will be judged on the following criteria:

Workmanship – 60 points

Presentation and Showmanship – 30 points

Accuracy of Information – 10 points

5300 Lapidary – Five varieties polished/five varieties unpolished Display at least 30 stones and minerals that will cut or polish. Five of the specimens must be collected by the member from the native site (not limited to Kansas). Polish 15 of the gemstones by tumbling. Label, giving identification of material and county where collected or state or county of origin for non-Kansas material.

Division Z – 4-H Geology

5301 Lapidary – Before & After Display before-and-after examples of at least three varieties of specimens, at least two tumble-polished and two unpolished of each. There is no requirement that the 4-H'er collect any of these. Locales must be identified. Lapidary work should be done during the current 4-H year.

5302 Lapidary – Before & After Display before-and-after examples of at least six varieties of specimens, at least two tumble-polished and two unpolished of each. At least two varieties should be collected from the native site by the 4-H'er, at least one of which comes from Kansas. Locals must be identified. Lapidary work on at least three varieties should be done during the current 4-H year.

5303 Lapidary – Before & After Display before-and-after examples of at least 9 varieties of specimens, at least two tumble-polished and two unpolished of each. At least three varieties should be collected from the native site by the 4-H'er, at least two of which comes from Kansas. Locals must be identified. Lapidary work on at least three varieties should be done during the current 4-H year.

5304 Lapidary. Exhibit at least six specimens that have not previously been exhibited, which have received lapidary treatment. Lapidary treatment may consist of polishing, and end, face, or flat lapping. Specimens must represent at least three different varieties and include at least three cabochons of any size or shape, only one of which may be free-formed. A cabochon is a style of cutting in which the top of the stone forms a domed or curved convex surface. Three of the specimens must be mounted into jewelry findings.

Special Rules:

Anyone wishing to sell Photography in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent

Auction Special Rules, p. 34).

1. Exhibitor is limited to a total of **seven** entries in this division.
2. Photographs exhibited must be the result of the current year's project work by the 4-H member. Photo images must be taken by the 4-H Member (exhibitor).
3. Photos are to be mounted across the narrow eleven inch dimension of the 11" x 12.5" sheet of white or cream studio mount. All photos must be no larger than 8" x 10" and no smaller than 7" x 9" after trimming. No square pictures are allowed. The top edge of the print must be one inch below the top of the mount. The sides of the print must be equal distance from the two sides of the mount. A permanent mount must be made by using photographic adhesive mounting. Remove white border from the enlargement before mounting. Studio mounts are available at the Extension Office. If the following mounting rules are not followed, the exhibit will not be able to go to State Fair: Photos must not be mounted on poster paper or tag board. Mounting rules are the same as for the Kansas State Fair.

Division BB – 4-H Photography

Photo Display and Picture Story are not eligible for the State Fair and can be mounted on poster board or tag board.

4. No lettering is permitted on the front of the mount or on the photo; only on the form provided. No under lays or borders are to be used. No contact prints on front of mount.
5. **A photo will be lowered one ribbon placing if improperly mounted, if dating/time stamped appears on photo, or if borders are not removed before mounting.**
6. The exhibitor's name, address, and class should be written on the back of the mount.
7. The black and white class is for black and white only. Monochromatic pictures including sepia prints are considered color photos and must be entered in the appropriate color photo class.
8. To protect exhibits from dust and moisture, it is strongly recommended that photos be placed in a two-gallon zip top bag.
9. Champion and Reserve Champion will be awarded in each age category. A Grand and Reserve Grand will be named from the Champions.
10. All photo entries, except for Photo Display and Picture Display, must be enlargements no larger than 8" x 10" but no smaller than 7" x 9".
11. Appropriate photo subject matter: Photographic subject matter is expected to follow 4-H standards. For a sense of prohibited subject matter, review the Kansas 4-H Member Code of Conduct; in general, if it is not allowable at a 4-H event, it is not allowable in a 4-H photograph at the fair. Photos with live subject(s) on railroad right away or taken from railroad right of way property

will not be displayed in Kansas 4-H Photography and will be disqualified and not judged.

12. **My Favorite 4-H Photography Display:** This new class is only for those photography project members with 10 or more years of experience. This class is a non-judged mounted display consisting of four favorite photos from the member's photography career in 4-H. All photos and a fifth biography/description with details of why they are regarded as most significant will be mounted on white or cream studio matte board. Photos and biography/description will be displayed on one row of the photography racks. This class is an extra way to showcase the development and accomplishments of the 4-H member's photography career. Members can still enter two other classes, if they are enrolled 8 or more years in the photography project.
13. No parents talking to judge until ribbon placing awarded.

4801 Color Photo Color photos taken by a 4-H member with four to seven years in the project.

4802 Color Photo Color photos taken by a 4-H member with eight or more years in the project.

4804 B&W Photo Black and white photos all levels of experience. (Black and white prints only)

4805 Computer Digital Composite Images.

4806 Video Video made by 4-H member. Limited to five minutes.

4800A *Photo Display A display of one to three of their best photos, color or black and white. May either be 3" x 5" or 4" x 6" snapshots.

4800B *Picture Story A Picture Story not to exceed three snapshots that tell a story without cut lines or captions, color or black and white.

4807 Growth Portfolio

- Member is eligible for this class beginning with the third year of enrollment in the 4-H photography project.
- Exhibit will consist of one photo for each year of enrollment. Each photo must have been created in a different year and must be labeled with the year taken/project enrollment year. A maximum of 5 photos may be included, if the member has 5 or more years of enrollment. Photos are not required to be in a consecutive order. For example, a nine-year-old with three years enrollment in photography is eligible to enter a growth portfolio. The portfolio in this example should have one photo from the seven-year-olds year, one photo from the eight-year-olds year, and one photo from the nine-year-olds year. The growth portfolio class may start

at any time in the member's photography career. For an older member, the growth portfolio would represent any five years in the project, for example, years 1,3,5,7 and 9 for a member having project enrollment totaling 9 years. 2. Exhibit will consist of 5 (five) photos - one from each of the past 5 years of enrollment. Each photo must have been created in a different year and must be labeled with year taken and which year of enrollment it represents.

- Photos must be 8" x 10" and may be color or black and white and must be unmounted.
- An information sheet must accompany each photo giving brand and model of camera used to create the photo. The settings for focal length, aperture, mode and shutter speed must also be listed.
- Skill set used to create the photo must be given and explained. Main goal for 46 each year should be listed.
- Beginning with photo 2, member description of GROWTH in project skill must be included on information sheet.

Division BB – 4-H Photography

- Exhibit will consist of photos arranged in chronological order of enrollment, information sheet on each photo, and all information listed in #6 and #7. A portfolio book will be required to exhibit.

4808 My Favorite 4-H Photography

1. Eligible members must have enrolled in photography for ten (10) or more years.

2. Requirements are:

A. Choose a total of four (4) of your favorite photos from any of the years enrolled in photography. 45 If used previously in competitive exhibits, remove all data slips and stickers. If the photo is an unmounted print, mount it using standard 4-H requirements and mat board.

B. Develop a short biography piece. -Tell how/when an interest in photography began. -Explain why each of the four photos is a favorite. -Share the skills learned because of photography. Think beyond camera skills and include leadership, community service, etc. -Tell of any mentors/leaders worked with. - Share workshops or camps pertaining to photography you attended. -Explain (if relevant) any plans to use photography skills beyond 4-H/High School. -Include a small (2 x 3) photo of yourself at the start of the biography. -Print the biography document and mount it on a standard mat board.

ROBOTICS- Special Rules:

Anyone wishing to sell Robots in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent Auction Special Rules, p. 34).

1. All kit & original robots must conform to the State Fair Requirement. Please see the Extension Office for State Fair Guidelines.
2. Each exhibitor may enter three robots constructed during the current year. Only one robot may be entered for each type of construction (kit, original, modified).
3. Each entry must be accompanied by an entry card containing member's name, address, club and number of years in the robotics project.
4. Each exhibitor is required to complete the "4-H Robotics Exhibit Information Form" which is available at the Extension Office. This form must be attached to the outside of a 10" x 13" manila envelope. The exhibit must include written instructions for operation, construction plans, one to three pages of project photographs or a five minute CD, DVD or video presentation, and robot programming information, if applicable. This information should be placed inside the 10" x 13" manila envelope mentioned above. Robots that include weaponry of any kind will be disqualified.
5. The robot must be operational and perform the task for which it was designed.
6. In judging entries, the display method will NOT be considered. Judging will be based on the operation, and the explanations of the functions of the robot.
7. Each exhibitor must be able to demonstrate how the robot operates and explain what is occurring with the robot and why.
8. Each robot must be free-standing, without the need for additional supports in order to be moved or exhibited.
9. Robot dimensions should not exceed 2' H x 2' W x 2' D. Weight may not exceed **15** pounds.
10. All electric components of the robot must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for electrical components.
11. Robots must be powered by an electrical, battery, water or solar source only. Robots powered by fossil fuels/flammable liquids will be disqualified. All robots must include an on/off switch for operation. No remote control devices will be allowed.

Division CC – 4-H Robotics

12. No parents talking to judge until ribbon placing awarded.

DEFINITIONS:

1. Kit Construction–Purchase a robotic kit and assemble exactly as instructed.
2. Modified Kit Construction–Purchase a robotic kit and assemble with minor changes.
3. Original Construction–Design and build your own robot or purchase kit and make major changes.

4. Two types of robots: Tethered robots are hard wired or radio controlled by the operator. Autonomous robots are not tethered, but with on board programmable decision/command and control.
5. Novice Category: Concept Illustration–This category would focus on the pre-requisite knowledge for robot construction. Illustrating the concepts utilized by robots. An apparatus may include several concepts and their potential applications explained. Focus is on Illustration of the concept, not necessarily a "robot." **For 4-H members with 1- 2 years in project.**
6. Intermediate Category: Concept Application–The explanations of the novice category must be included at this level. Focus is on the application of concepts in an apparatus. Novice concepts applied in an apparatus (i.e. kit). This would be a functioning apparatus, illustrated, and explained in a written narrative. This apparatus could be remote controlled (radio or tethered) with or without on board logic/decision making capabilities. **For 4-H members with 3-4 years in project.**
7. Professional Category: Self-Contained, Self-Controlled Robots–Focus is on totally independent robots operating without any interventions performing tasks requiring on board logic choices. Parameters of task and operation must be clearly stated in a narrative. All aspects of operation must be explained. The apparatus needs to illustrate the application of the Novice and Intermediate levels described above. **For 4-H members with 5 or more years in project.**
8. No parents talking to judge until ribbon placing awarded.

Special Rules:

Anyone wishing to sell Visual Arts in the Silent Auction must return an Intent to Sell Card to the Fair Office by noon, Wednesday July 24. There is no minimum ribbon placing to sell in the Silent Auction (refer to 4-H Silent

Auction Special Rules, p. 34).

1. Exhibitors limited to a total of six entries, but only one school-made exhibit.
2. A Champion and Reserve Champion will be picked from each age class if deserving. Grand Champion overall will be selected.
3. Articles exhibited must be an original design created by the exhibitor.
4. All visual arts exhibits are evaluated using a visual arts rubric, which takes into account correct use of design elements, craftsmanship, and creativity.
5. Bring entries at the time they are to be judged.
6. All exhibits which need to be hung (including all fine arts) must have a wire or saw tooth hanger attached (no string or tape). If necessary hardware is not attached, it will be deducted a ribbon and will not be displayed.
7. If exhibit has been made from a kit, be sure to enroll it in the kit/mold class (KITS ARE NOT STATE FAIR ELIGIBLE)
8. The judges will choose up to one entry from divisions A-E below to advance to the State Fair competition. (members must be at least 9 years old by January 1 in order to take entries to the state level).
9. Firearms and weapons are not eligible exhibits.
10. Visual Arts Divisions:

A. Fine Arts

Oil, chalk, charcoal, dyes, pastels, pencil, ink, acrylic, or watercolor on canvas, canvas board, paper, wood, metal, or textiles, framed as a picture, prepared for hanging. Stretched canvas art on a wooden frame is considered prepared for hanging provided that frame has a hanger.

B. Clay and Ceramics

Any original item made of clay; may be fired or unfired, hand formed, or thrown on a wheel. Self-hardening, fire/oven-cured, and/or cornstarch clays are acceptable. Items can include, but are not limited to, clay statues, bowls, etc.

C. Leather and Jewelry

Any leather stamping, carving, tooling, lacing, or stitching piece or any jewelry piece made from any medium are acceptable exhibits.

D. Three-Dimensional

Division FF – 4-H Visual Arts

The piece must be observable on at least three sides and should be either free-standing or prepared to be hung. Craft and pre-formed or assembled projects are not acceptable.

E. General Crafts

This category incorporates miscellaneous pieces that do not correspond to the four, above-mentioned categories.

F. Kits/Molds

Anything that is made from a kit or mold (not state fair eligible)

11. Each county may submit one entry from each of the five categories (Fine Arts, Clay and Ceramics, Leather and Jewelry, Three-Dimensional, and General Crafts) for a total of five entries per county. If a county doesn't have an entry for one of the classes, they may submit a second entry in one of the other classes to meet the quota of five entries per county.
12. No parents talking to judge until ribbon placing awarded.

Copyright *Kits and preformed molds are not considered original and are not acceptable in any Visual Arts Class, except the kit/mold class. Combining parts of different patterns (pictures, photographs, images from the internet or a magazine) with the member's own ideas can result in an original design, but simply changing the color, pattern, and/or size of a pattern does not make the design original. If you create a replica of what you see somewhere else (i.e. Pinterest), it is not your original design. If a photo, sketch, or other idea source was used, submit it with your entry, firmly attached to your exhibit.
